Comprehensive Plan | Public Opinion Survey

ANNISTON, AL -- Citizens of Anniston, as you know, last week we held our Public Kick-Off Meeting for our city's Comprehensive Planning process. At this time, we are now ready to launch the **Public Opinion Survey** for the comprehensive plan. It is vital that as many citizens as possible complete this city-wide survey, as the input received will begin to form the framework for our city's comprehensive plan.

You may find and complete the survey at this link:

<https://www.surveymonkey.com/r/WYZ66VV>

The purpose of this public opinion survey is to provide community input into the preparation of the City's Comprehensive Plan. This plan will address a wide range of important issues for Anniston, including land use, mobility, economic development and social issues. This survey is only one of several different methods for soliciting public input. This survey will take approximately 12 minutes to complete, and it is anonymous, so your identity will not be revealed. Thank you for your support of this effort by the City to improve the quality of life for all of our citizens!
